

Identifying identical pictures: In each row, circle the picture that matches the one in the frame. Ask your child to identify at least one feature in the first picture before looking for a match.

Tip for parents: After your child gets dressed, ask him to find one item in the refrigerator or cupboard that has the same color as his shirt or pants.

Why keep the fun all to yourself? Please feel free to share this worksheet with friends. See more at [KiDoTi.com](https://www.KiDoTi.com)
