

**Sorting into groups and classifying:** Ask your child to sort the pictures into two groups and classify each group. He may sort by color, shape, or other theme and need not use all pictures.

All of these pictures \_\_\_\_\_.

All of these pictures \_\_\_\_\_.

**Tip for parents:** Ask your child to sort a collection of Easter candy into different groups and name the classification categories or attributes he used. Did he sort the candy according to size, color, texture or flavor?
