

FINE MOTOR

Cutting lines: Ask your child to cut along the line using long, smooth snips. Remind your child to hold the paper in his non-dominant hand moving the paper to create the direction changes.

Tip for parents: Make a paper chain with your child, by cutting strips of different colored construction paper and helping your child glue the ends of the strips together to form rings.

Why keep the fun all to yourself? Please feel free to share this worksheet with friends. See more at [KiDoTi.com](https://www.kidotiti.com)
