

Listening for digraphs: Cut out the 6 digraphs at the bottom of the page. Then direct your child to say aloud the name of each picture and paste the correct digraph next to each picture that contains that digraph's sound.

Tip for parents: Write *nk*, *ng* or *ck* on the top of 3 sheets of paper. Let your child cut out words from a magazine that contain a digraph and paste each word on the appropriate page.

Why keep the fun all to yourself? Please feel free to share this worksheet with friends. See more at KiDoTi.com
