

Draw a circle around the vacuum cleaner and draw food on the spoon.

Draw an X over the ivy and draw some ivy on the outside of the house.

Tip for parents: When watching your child complete a puzzle, introduce the terms "rotate," "flip" and "upside down" by showing him what to do with the pieces when you say those words.

Why keep the fun all to yourself? Please feel free to share this worksheet with friends. See more at [KiDoTi.com](https://www.kidotiti.com)
