

**Identifying different words:** Circle the word in each row that does not match the other three. Ask your child to focus on the letters in each word, starting with the first letter, to find the different word.

[ tab tab top tab ]

[ pit rot pit pit ]

[ lip tap lip lip ]

[ wet mat wet wet ]

**Tip for parents:** Using post-it notes or small note cards, label different parts of your home. Seeing the word “bed” as your child gets into bed each day, for example, will reinforce the importance of written words.
