

Counting and matching to numbers: Count the items on each row and circle the corresponding number. Ask your child to use one-to-one correspondence, touching each picture while counting.

5 6 7

5 6 7

8 9 10

6 7 8

Tip for parents: Reinforce number amounts at snack or meal time. For example, make 4 the “number of the day” and put 4 raisins, 4 chocolate chips, 4 mini-marshmallows and 4 grapes on a plate at snack time.
