

Matching pictures to shadows: Draw a line between each picture and its shadow. Direct your child to focus on details such as curves or angles in the outline of each full-color picture.

Tip for parents: Ask your child to name 2 friends that have brown hair. Then ask him to name 2 friends with blond hair. This game will encourage him to pay closer attention to others' identifying characteristics.

Why keep the fun all to yourself? Please feel free to share this worksheet with friends. See more at KiDoTi.com
