

**Counting and matching to numbers:** Count the items on each row and circle the corresponding number. Ask your child to use one-to-one correspondence, touching each picture while counting.

3      4      5

5      6      7

8      9      10

8      9      10

**Tip for parents:** A deck of playing cards is great for practicing counting since each card has both the numeral and that number of items on it. 3 diamonds + 4 diamonds = 7 diamonds.
