

**Counting and matching to numbers:** Count the items on each row and circle the corresponding number. Ask your child to use one-to-one correspondence, touching each picture while counting.

17 18 19

16 17 18

18 19 20

**Tip for parents:** A timer is a great, impartial way to give children “even turns” with a special toy. Also, timers present a visual reminder to the waiting child that his turn will come soon.
