

**Putting ordinal numbers in order:** Cut apart the ordinal squares at the bottom. Then, for each column, ask your child to paste the ordinals in order next to the corresponding pictures.

	<input type="text"/>		<input type="text"/>
	<input type="text"/>		<input type="text"/>
	<input type="text"/>		<input type="text"/>
	<input type="text"/>		<input type="text"/>
	<input type="text"/>		<input type="text"/>

✂

2nd	5th	1st	4th	3rd	4th	5th	3rd	1st	2nd
-----	-----	-----	-----	-----	-----	-----	-----	-----	-----

**Tip for parents:** Next time you are in an empty elevator with your child, push the buttons for the first 5 floors. As the elevator rises and the doors open on each floor, have your child help you call out which floor it is.
